Lexicon Lately | Employee Newsletter

Custom Metals recently completed one of the largest HVAC projects we have done. It was a two year long project covering the fabrication and installation of the HVAC ducts on the new Little Rock South West High School. It covers over 400,000 sq ft of academic and athletic spaces that included classrooms, auditoriums, athletic facilities and a new gymnasium. Please find below some photos of the project we are proud to be a part of!

An updated photo of the Arcilla job site from Angie Casey.

Heritage Links continues to make progress at the PGA Frisco project in Frisco, TX, the future headquarters for the PGA of America. Currently, twelve of the eighteen green complexes have been grassed and the entirety of six holes have been completed. Feedback from the Owner, PGA of America, and guests who have visited the property have been extremely positive as the course continues to take shape.

The major earthmoving and shaping operations have wrapped up and the golf construction crews are now focused on the detailed finishing work of the project – irrigation, fine grading, and grass planting. The grassing is currently tracking for an on schedule completion of mid-September.

Workplace Safety Tips

That every employee should know!

1. Be aware of your surroundings
 2. Keep correct posture
 3. Take regular breaks
 4. Never take shortcuts on procedures
 5. Be aware of new safety procedures
 6. Keep emergency exits clear
 7. Report unsafe conditions
 8. Always wear Personal Protective Equipment

Pictured above is Don Gorman and Alvin Gatlin. John Metzger wanted to let everyone know that they are "Alive and doing fine!"

Virtual Health

If you are on either health plan, you now have access to virtual health services.

- Covered employees and dependents can see physicians after hours or away from home.
- Average wait time of >10 minutes
- 24/7/365 access to state-licensed, board-certified physicians (including pediatricians)
